

# Utah's Wildfire Activity

For the Week of July 5 to 11

**Large Fires Currently Burning in Utah:**  
**Morgan Cyn (66%) 509 ac**  
**Willow Creek (100%) 48 ac**

For the period of July 5-11	2021	2020	2019	10-Year Average
TOTAL WILDFIRE STARTS* July 5-11	35	63	82	77
Human-Caused	24	61	57	40
Naturally-Caused	7	2	17	33
Unk. or Under Investigation	4	0	8	4

During this period:  
 -There were 0 injuries resulting in lost time  
 -No Structures were destroyed  
 -32 of the 35 fires were stopped before reaching 10 acres

**Of the 35 starts between July 5 & 11, 32 of them were fully suppressed within the first day.**

## 2021 TOTAL ACRES

**20,679 Acres Human-Caused**  
**38,409 Acres Lightning-Caused**  
**59,171 Acres Total**

**Firefighters have responded to 561 wildfires so far in 2021 and thanks to their efforts, 504 of them (89.8%) were extinguished before reaching 10 acres.**

Over the past two weeks, **abandoned campfires**, have continued to be a problem, even in areas where they are restricted.

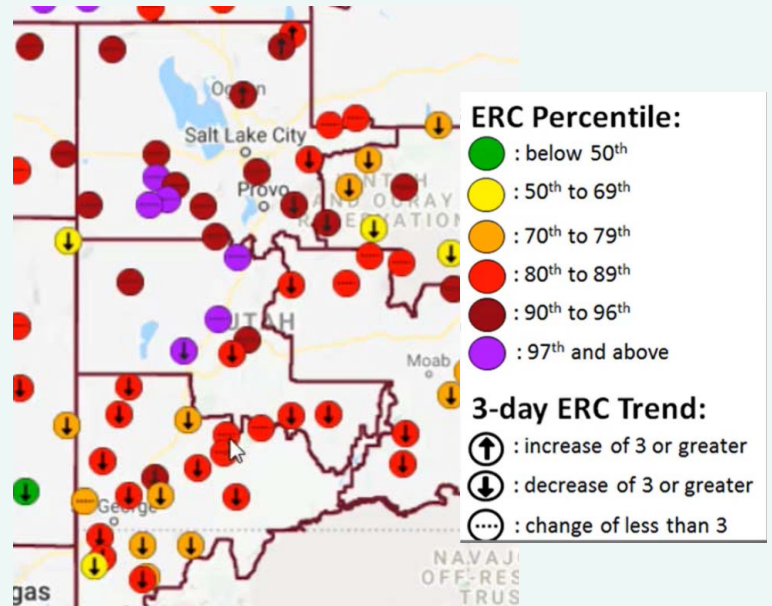

Firefighters continue to respond to abandoned campfires that are still burning with those responsible long gone.

- Campfires should never be left unattended, it's against both state and federal law.
- All campfires should be thoroughly extinguished after use.
- Campfire restrictions are widely in place throughout the state, check [utahfireinfo.gov](http://utahfireinfo.gov)
- Report violations of fire restrictions to local law enforcement

**You know the fire drill.  
 Douse your campfire.**

PREVENT WILD FIRES

## Outlook:

- Mixed thunderstorm activity expected throughout Utah
- Fuels are very dry and ERC percentiles are at record levels in many locations
- Southern Utah ERC percentiles improving with precipitation
- Monsoon beginning to have an impact in S Utah
