Firefighters have responded to 526 wildfires so far in 2021 and thanks to their efforts, 385 of them (89.7%) were extinguished before reaching 10 acres.

Over the past two weeks, **abandoned campfires, vehicle-related starts** have been the leading human-causes of wildfire.

The **4th of July holiday** was relatively calm for fire activity. There were only a small handful of fireworks-related wildfires.

- Fireworks are now illegal to discharge until July 22
- Campfires should never be left unattended
- All campfires should be thoroughly extinguished after use
- Campfire restrictions are widely in place throughout the state, check utahfireinfo.gov

Outlook:

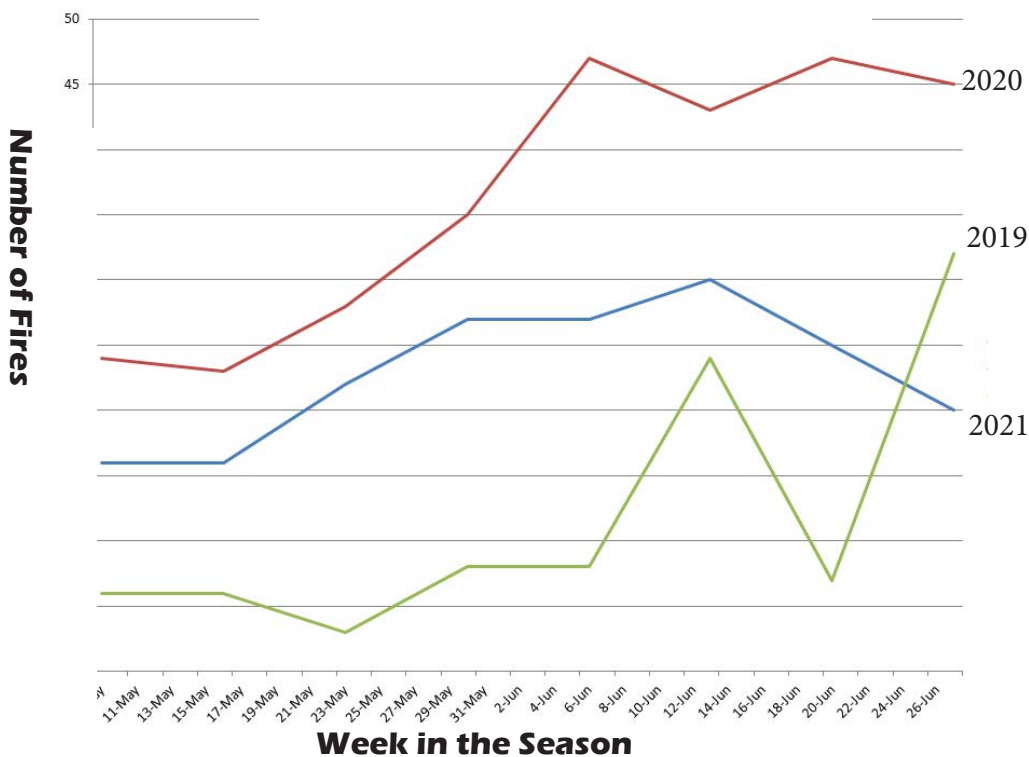

- HOT, DRY and WINDY weather expected
- Fuels continue to dry out
- Fire danger indices (ERC, FDFM) are at record levels
- Monsoon still taking shape, but too early for any meaningful prediction
